On the 26th, Col. Fremont commenced the ascent of the Snowy Mountains. The last we heard from him, he was wending his way slowly through snow about two feet deep, and was within five miles of the top of the first range of mountains. It is the intention of Col. Should a southern route be determined on for the great railroad across the Continent, this survey will greatly aid Congress in determining the western terminus.

COUNTERFEITS. Cure for Consumption.

WE do not wish to trifle with the lives or health of the afflicted, and we sincerely pledge ourselves to make no assertions as to Square, above alluded to described, with the like conditions as the virtue of this medicine and to hold out no hope to suffering humanity which facts will not warrant. We ask the attention of the candid to a few considerations. Nature in every part of her works, has left indelible marks of adaptation and design. The constitution of the animals and vegetables of the torrid is such that they could not endure the cold of the frigid gone and vice verse. In regard to dis ease and its cure, the adaptation of remedies is not less striking. The Moss of Reland and the Pore and Wild Cherry are justly celebrated for the cure of ail diseases of the Lungs and Liver, which are so fearfully prevalent in all northern latitudes. From a combination of Chemica

Gazette, of Feb. 1, 1848 The incredulous are invited to read the following note from the Rev Mr. Coldron, whose character for truth and veracity stands above sus. picion, and have their doubts dispelled as to the superiority of Wis tar's Balsam of Wild Cherry, over all other remedies of the same

> CORYDON, IND., January 28, 1848. It is no less a duty than a pleasure to me to state for the benefit of the afflicted, that I consider Wistar's Balsam of Wild Cherry, a great blessing to the human race. Having tried it in a case of severe at fection of the lungs, unnesitatingly recommend it to those similarly afflicted as the best remedy that I have ever tried, and one which cured me when the physicans said I must die, and when I thought myself that my time to depart was near at hand. WILLIAM COLDRON.

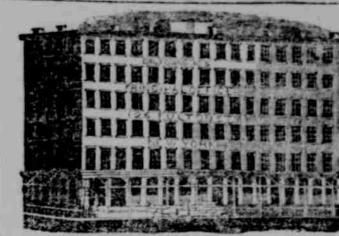

> > SPRINGFIELD, KY., May 14.1 845.

Messes. Sanford & Park: I take this opportunity of informing you of a most remarkable cure performed upon me by the use of Dr. Wistar's Balsom of Wild Cherry. In the year 1840, I was taken with an inflammation of the bowels, which Habored under for 6 weeks, when I gradually recovered. In the fall of 184), I was attacked with a severe cold, which seated itself upon my lungs, and for the space of three years I was confined to my bed. I tried all kinds of medicines, and every variety of medical aid, without benefit, and thus I wearld along until the winter of 1844, when I heard of Wistar's Balsam of Wild Cherry. My friends persuaded me to give it a trial, though 1 had given up all hopes of recovery, and had prepared myself for the change of another world. Through their solicitation, I was induced to make use of the Genuine Wistar's Balsam of Wild Cherry The effect was truly astonishing. After five years of affliction, pain, and suffering, and after having spent four or five bundled dollars to no purpose, and the best and most re-pectable physicians had proved unavading, I was soon restored to entire health by the blessing of God and the use of Dr. Wistar's Balsam of Wild Cherry. I am now enjoying good health, and such is my aftered appearance, that I am no longer known when I meet my former acquantances. I have gained rapidly in weight, and my flesh is firm and solid. I can now eat is much as any person, and my food seems to agree with me. I have eaten more during the last six months than I had eaten in five years before. Considering my case almost a miracle I deem it necessary for the good of the afflicied, and a duty I owe to the proprietors and my fellow men, (who should know where relief may be had, to make this statement public. May the blessings of God rest upon the proprietors of so valuable a medicine as Wiscar's Balsam of Wild Yours respectfully,

BEWARE OF COUNTERFEITS - Those who connected a good medicine for the purpose of adding a few dollars to their pockets are far worse than the manufacturers of spurious coin. For while the latter only rob us of our property, the former take property and health and life away. Dr. Wistar's Balsam of Wild Cherry is admitted by thousands of disinterested witnesses to have effected the most extraordinary cures in cases of pulmonary and asthmatic character, ever before recorded in the history of medicine. The young, the beautiful, the good all speak forth its praise. It is now the favorite medicine in the most intelligent families of our country. Such a high stand in public estimation has been achieved by its own merits alone. And so long as a discerning public are careful to get Wistar's Balsom of Wild Cherry, and refuse with scorn counterfeets, and every other article proflered to them as a substitute, so long will cures, positive cures, cheer the fire sdie of many a despairing family.
